They'll Tote It, They'll Chunk It They'll Block And They'll Tackle In Bright New Uniforms Full O' Pep

By Jack McCaskill
The Belle Glade Rams have broken out in a rash of pep on the eve of their very important Suncoast Conference opening game.
Reasons that "you can't win 'em all if you don't win the first one" the coaching staff reported that the 44-page football program was ready for Friday night's football game. The pep squad, which will be the pride of the merchants and business places for the wonderful response they gave members of committee calling on them, making possible the purchase of 60 new band uniforms. Mrs. Alice Minnie of the committee gave a complete report and introduced others who were present. William C. Research Authority To Speak At Vegetable Growers Meeting

Dr. Vernon H. McFarlane, head of the Fruit and Vegetable Section, Southern Utilization Research Branch, USDA, will discuss "Facilities for Research on Fruits and Vegetables in the Southern Region" during the 13th Annual Convention of the Florida Fruit & Vegetable Association, which will be held at the Hotel Fontainebleau, Miami Beach, Florida, September 27, 28, and 29, according to Luther L. Chandler, Goulds, Convention Chairman.

Dr. McFarlane is in charge of developing, directing and coordinating the utilization research of the section on sweet potatoes, citrus, southern peas, tomatoes and other fruit and vegetable crops. Dr. McFarlane is the assistant director of the Southern Utilization Research Branch, USDA, and is also a member of the Society of American Bacteriologists and the Society for General Microbiology, and Institute of Food Technologists.

Dr. Legion Auxiliary To Be Formed Monday

Mrs. Jane Ralston, chairman and Mrs. Sylvia Jones, co-chairman, announced the organization of a Junior American Legion Auxiliary for girls ages 14 to 18. All eligible girls are to meet Monday afternoon at the American Legion building at 4 o'clock. Following the meeting there will be a winner roast.

Coaching Staff

With an injured heel he worked in shorts since Monday. Billy Lee has been seriously hampered with a charley-horse but may recuperate in time to play to night.

Having reason to believe that Secrest can and will throw the ball the Rams have been considerably time setting up a tight roster defense and appear rather successful in this department. They have been working early and late in making out their roster.

Defense Department Visitors Favor Glades Grown Fibers As "Critical"

Some time ago two engineers from the US Corps' New York District visited the Glades section to inspect the growing of cotton and to see the possibilities of the same and other possible uses. They were impressed with what they found as a possible source of raw material in the Glades.

Thursday of last week Mr. Wm. E. McCauley, Assistant Chief of the Planning Division of the New York District, returned with Lieut. Col. John T. Evans, Chief of the Supply Division, New York District and Walter H. Chambers, of the Planning Division of the New York District, of the Chief of Division, office of the Chief of Division.

Labor Housing To Be Discussed At FFVA Convention

Emmett S. Roberts, Belle Glade, Palm Beach County Representative to the Florida Legislature and executive director of the Belle Glade Housing Authority, will be a guest speaker at the 13th Annual Convention of the Florida Fruit & Vegetable Association, which will be held at the Hotel Fontainebleau, Miami Beach, Florida, September 27, 28, and 29, according to Luther L. Chandler, Goulds, Convention Chairman.

The chairman of the Governor's Advisory Committee of Agriculture, Commissioner Kenneth Foster will present the findings of the committee during the 3-day business session of the second annual convention of the Florida Fruit & Vegetable Association, which will be held at the Hotel Fontainebleau, Miami Beach, Florida, September 27, 28, and 29, according to Luther L. Chandler, Goulds, Convention Chairman.

Mr. Roberts, a native Floridian who was born in Clearwater, Fla. is a graduate of the University of Florida, a reserve officer and a veteran of World War II.

"His position as executive director of the Belle Glade Housing Authority and as chairman of the Governor's Advisory Committee on Migratory Labor enable him to know the whole picture, which will be of great interest to our members and guests," Chandler said.

Foster said all four communities from all over the state have pooled resources and are pouring the entire amount into the plant and soil so that the new multi-million dollar plant can be built.

It is expected that six to eight millions will be needed to build the three-mile access road to the plant site.

DR. W. G. Kirk, of the One Range Cattle Station, right, and Ralph Kirk, of the Everglades Experiment Station, are explaining to Mr. Adalberto Cavillo-Ch of the Costa Rican Experiment Station "Palm Beach County" the booklet issued by the Resources Board. Mr. Cavillo is studying the Florida cattle industry preliminary to opening a station devoted mainly to beef cattle at El Capuli of the Guayaquil State Province, under the Department of Agriculture of Costa Rica. While on visit here Mr. Cavillo visited the Mounds' sale at the local market.

School Bond Vote Committee Formed Throughout County

A county wide organization to inform the public on the need and the proposed use of the proceeds of a ten million dollar bond issue set up by the County School Board, includes Herman Close of Belle Glade and J. W. Vann of Pahokee.

In turn, a committee to represent the communities of Clewiston, Belle Glade, South Bay and Lake Harbor has been formed and is composed of additional members: Joe Friedheim, Frank and The Dooley, Ruth Wedgworth, R. E. Jordan, Julius Harris and Jane (Mrs. John L.) Evans.

Following the general plan of the county-wide committee the group has had several meetings and is formulating plans for getting to the voters the information on the bond issue.

Television, telephone, radio, newspaper and word-of-mouth will be used to get the public informed, on the theory that an informed public is one who will favor this progressive step.

Registration Books To Close October 6

According to an announcement by Palm Beach County Supervisor of Registration, Dr. Witt Upgrevore, registration books will close at 5 p. m. Saturday, October 6th with the deadline for applications for absentee ballots set for 5 p. m. Saturday, October 6th. Absentee ballots must reach the office of the Supervisor of Registration not later than 6 p. m. October 6th.

For further information on registration contact the Belle Glade Chamber of Commerce.

Industrial Sites Committee Meet

The newly formed Industrial Sites Committee of the Belle Glade Chamber of Commerce met Tuesday noon at Bell's Restaurant.

It was decided to supplement the Belle Glade Economic Data Book bringing it up to date and including site locations for industry. A wall map of the city and surrounding area with locations pin pointed will be one of the first projects the committee will undertake.

The secretary was instructed to make immediate contact with secure information concerning industries contemplating moving into the area.

The next meeting of the committee is called for Tuesday noon, Sept. 25th at Bell's Restaurant when the committee will meet with Mr. G. H. Schatz, Palm Beach County Zoning Director. Members of the sites committee which will work in conjunction with the standing Industrial Committee of the Chamber are: James Ball, L. L. Price, Julius Harris, R. E. Hotard and George C. Young, chairman.

More Scientists In Agriculture Appeal Made By Provost Fifield

Willard M. Fifield, Provost of Agriculture, University of Florida urged parents and adult advisors to counsel the youth of today on the advantages of science in agriculture, and to point out to the teachers and practitioners.

"Nowhere does the work of agriculture scientists point out the importance of their work more than in the State of Florida," the speaker told his audience. He pointed out the value of minor elements to the muck soils; he referred to the constant experiment in the Suga Corporation in sugar production. "The concentrate juice of the fresh fruit produced while it has almost doubled the volume of citrus fruit produced in the state," he continued.

"The dignity of the profession, the satisfaction of the creative work and the necessary reward are advantages you may point out to the 'younger generation,'" he said.

'55-'56 Break Records In Fire Control Dist.

Fire Chief Guy Bender of the Everglades Fire Control District designated the fiscal year 55-56, ending June 30th, as the "worst in our history."

He continued, "With 862 fire affecting 93,000 acres, a fourth of which is federal or state government lands, we spent a total of 4485 man hours in fighting fires."

Dade County had the greatest number of fires, the greatest acreage affected and accounted for about 32% of the total hours. Palm Beach County had only 181 fires — 22% of the total — but took 38% of the man hours, with less acreage than Dade.

Dade County accounted for more than 80% of the fire permits issued in the District, 2586 out of a total of 2992.

The Chief warns everyone that it is illegal to start a fire without a permit, and that anyone guilty are subject to fine and/or imprisonment.

Combined Meeting Of 4 Local Clubs Greeting Rogers

As a Democratic State Senator Congressman Paul Rogers will report on the state of the Union to the membership of four local clubs today following a luncheon at the Country Club by Rotary, Lions, BFW and Jaycees.

The Statesman will report on the bipartisan action with regard to international affairs by our National Congress, he will report on the legislative victories of the Democratic membership and will point to the constructive legislation of the Florida delegation, and its gains for Florida in departmental efforts.

First Farm Labor Recruits Here In Glades Monday

The first crew of 25 male farm laborers, including tractor operators, secured by the Florida State Employment Service from Mississippi, arrived here Monday, September 17th.

These are thoroughly screened pre-harvest hands ordered by several growers through the local Employment Office, and are being represented by J. W. Mosley.

The growers ordering these workers have arranged for adequate housing, and will deduct costs of housing and transportation from the workers' weekly pay.

An acute shortage of experienced tractor operators, which has been experienced at the present time, and will continue through October 15th. The date on which Glades workers, presently employed in the upper Sechura area, are expected to return in large numbers.

Lake Okechobee's largest land-locked Port at the confluence of the North River and the Hillsboro Canals with the Lake will have its facilities taxed on October 19th when the annual Boat-A-Cade official ends its tour of some hundred boats and approximately 1500 people.

This annual pilgrimage, beginning around Kissimmee and its connected chain of lakes has grown to be the important event in fresh water boating in Florida, and Belle Glade's Chamber of Commerce has sought a place on its itinerary heretofore.

Makinson and Bob Polinsky of the original organization announced Thursday morning that Belle Glade has been selected as the terminus of this year's trip, after conference with local authorities and citizens groups.

A fish fry or barbecue on Friday night, 19th, and breakfast for Saturday morning for the benefit of visitors must be arranged, as well as all site concession stands.

Patrol boats on the Lake, police and traffic officers on land and citizens to act as walking bureaus of information to gether with parking facilities for cars and boat trailers are among the problems facing the local committee.

Common Exotic Trees Of So. Fla. Discussed

A new book recently released by the University of Florida Press is entitled Common Exotic Trees of South Florida.

Compiled by a number of scholars and popular articles, this volume lists about 200 of the commonest exotic trees to be found in the parks, botanical gardens, nurseries, and streets of South Florida. From Vero Beach and Tampa south to Key West the area is a veritable open-air museum of exotic trees collected from all continents having tropical or sub-tropical climates.

The book also gives identifying marks, or forms, of each tree and elucidates a minimum of botanical terms with illustrations.

Farm Loans Gilted When Proper Served

Chas. B. Long, Jr., of the PCA and of the National Farm Loan Association, Miami office, announced the offering of some \$245 million of consolidated Federal Farm Loan bonds by Rufus B. Clarke, President of the Federal Land Bank of Columbia, S. C.

These bonds are not guaranteed by the government, but are the joint and several obligations of the 12 farmed-owned land banks, federally chartered with governmental supervision. They are secured by long term loans to farmers and in turn endorsed by hite community associations and regional banks. There are short term bonds bearing 3-4 1/2% interest and some 16-year bonds bearing a coupon rate of 7-1/2-8%.

The capital of National Farm Loan Associations is owned entirely by farmers and the associations in turn own all of the stock of the land banks amounting to \$96 million. The banks and associations have assets totaling nearly \$2 billion and have accumulated reserves and surplus of over \$250 million.

Coast Guard Academy Examinations To Be Held February 25-26

Today Congressman Paul G. Rogers announced that the competitive examinations for entrance to the U. S. Coast Guard Academy will be held nationwide on February 25th and 26th, 1957. These examinations will be given in 111 cities.

Congressman Rogers emphasized the opportunity offered young men who choose this four-year course which leads

to a bachelor of science degree and a commission as a career officer in America's oldest seafaring service.

"There are no appointments or geographical quotas for entrance to the Coast Guard Academy," he said. "I urge all qualified young men who are interested in a worthwhile profession to write for details and applications as soon as possible to Coast Guard Headquarters in Washington, D. C. Applications must be postmarked on or before January 15th."

A candidate for the next examination for the Coast Guard Academy must be single, must have reached his seventeenth birthday by July 1, 1957 and must be in excellent physical condition.

A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30 are eligible to take the exam.

Florida's Economy Grows Faster In Basic Facts

Florida's economy is shown running at a faster rate than that of the nation in a comparative statistical compilation released yesterday by the research and industrial division of the Florida State Chamber of Commerce.

The chief impetus to the state's growth was a population gain of 82 per cent from 1940 to 1955 compared with 25 per cent for the nation.

Floridians were paid 503 per cent more in personal income from all sources (286 per cent was the national gain) resulting in a per capita increase of 22 per cent (210 per cent nationally).

The accompanying population growth held back by the research and industrial division of the Florida State Chamber of Commerce.

Bank resources in Florida were up 347 per cent as compared with 248 per cent nationally. Life insurance in force in Florida was 339 per cent more in 1955 than in 1940 and 221 per cent throughout the nation.

Florida's gross postal receipts grew 339 per cent while national receipts increased 214 per cent. Gross cash farm income in Florida was 423 per cent more and the nation's farmers received 250 per cent more.

There were 231 per cent more passenger cars registered in Florida and 91 per cent more in the nation's highways. Florida truck and tractor registrations were up 194 per cent, nationally 125 per cent. Gasoline consumption was 251 per cent more in Florida and 125 nationally.

Florida had 418 per cent more telephones and the nation, 170 per cent. Electric production in Florida was greater by 727 per cent (nation, 331 per cent) while generating capacity grew 288 per cent (nation, 185 per cent).

All non-agricultural jobs increased 123 per cent in Florida and 50 per cent in the nation.

Employment in Florida manufacturing plants was up 83 per cent compared with 64 per cent nationally.

BPWC Observes Nat'l Business

Women's Week September 23 - 29

BPWC PRESIDENT, Mrs. Ueoba Caruthers, right and Mrs. Marie Battle, chairman of public affairs, look on as newly elected Mayor T. T. Ingram signs proclamation setting Sept. 23-29 as National Business Women's Week. This annual week sponsored throughout the U. S. by National Federation of Business and Professional Women's Clubs is set aside to pay tribute to women in business and professions and the contributions they make to the nation.

In observance of National Business Women's Week, the Belle Glade Business and Professional Women's Club will participate in a full week of activities.

The total program begins with the BPWC members attending the Rotary Luncheon Friday, Sept. 21 to hear the Honorable Paul Rogers as guest speaker. On Sunday, Sept. 26 all members will make a special effort to attend the church of their choice.

Sept. 24 at 8 p. m. in commemoration of National Business Women's Week the local club will present Mrs. Vera A. Bruce, director of Palm Beach School of Modeling, Inc., and Miss Louise Wilson, model, with a demonstration lecture on charm and personal appearance. This will be held at the Municipal Country Club. An additional attraction will be a program of music presented by members of the Belle Glade High School Glee Club.

Wednesday, Sept. 5, the local BPW group have been invited to attend the luncheon meeting of the Belle Glade Lions Club as their guests. On Wednesday, Sept. 27, at 7 o'clock p. m. members will attend a district banquet in Lake Worth at the South Ocean Club.

On Saturday, Sept. 30, the weeks activities will be climaxed with a membership tea during the afternoon at the new home of Mrs. Ruth Wedgworth on N. W. Ave. E.

Library Board Holds Meeting Tuesday

The Library Board of Belle Glade met Tuesday night at the home of Mrs. Herbert Beck, chairman.

The board voted approval of the proposed county library which the county board of commissioners is to establish.

The library would provide books of all types under supervision of trained librarians on long term loans to small libraries, or of unusual books in small demand.

Present were: City Manager, Clarence Robinson, Mrs. James Ball, Jr., Mrs. Herman Cook, Mrs. Hugh Bradley, Mrs. Bettie Harris, and Mrs. Herbert Beck. Mrs. G. R. Townsend, board member was unable to attend on account of illness.

Holland Not Kidding

Campaigning For Demos.

"Holland Not Kidding" — When Senator Holland said he would go all out for Stevenson and Kefauver in Florida, he apparently meant what he said. The first of this week he opened his Barrow office, at 235 S. Broadway, as he usually does during periods of recess. Also, he has started his swing around the state, giving his regular annual "report to the people" — as he usually does. But this time there is a difference. He will be speaking for the Democratic ticket in no uncertain terms, and passing the word to his close supporters to do all they can to make Florida go Democratic in the National elections come November. He didn't do this last time. His heaviest concentration of work for the party will be in the First District, where his former employee, Winston King, is trying to take the Congressional seat away from Republican Bill Cramer. King has a fair chance of winning, and Holland's help might make the difference for him.

Horses and ponies should be vaccinated against sleeping sickness before warm weather brings mosquitos.
